Celebrating the Class of 2027

Peggy Woolley Martin, an esteemed member of the Montgomery County Music Teachers Association (MCMTA), established an ongoing endowment to celebrate and honor the accomplishments of graduating high school senior musicians who have studied with MCMTA teachers.

The **Senior Trophy Award** recognizes outstanding music students nominated by their teachers for their dedication to and pursuit of excellence in the study of a musical instrument or voice. To be eligible, students must have completed a minimum of **six consecutive years of study** with one or more MCMTA teachers. Students who have studied with more than one teacher during this period remain eligible, provided that each teacher was an active member of MCMTA.

This festive annual event is an opportunity to celebrate and recognize the achievements of the **Class of 2027 graduating high school seniors** and their dedication to musical study.

Award Eligibility & Event Information

- Students **must be in Grade 12** during the 2026–2027 school year to be nominated by their teacher.
- Students must have completed a minimum of **six consecutive years of study** with one or more active MCMTA teacher(s).
- There are **no fees, auditions, examinations, or competitions** associated with the Senior Trophy Award.

- Each recognized student will receive a **certificate and trophy** in honor of their musical accomplishments.
- Recent winners of MCMTA competitions will be featured in a **brief musical performance** as part of the celebration.

This special event provides an opportunity for teachers, families, and the MCMTA community to come together to recognize and celebrate the commitment, perseverance, and musical accomplishments of our graduating seniors.

Please send an **electronic RSVP** for yourself, graduating student(s) and their parents/guests ***the week before*** the event. A headcount is needed for the number of programs and for reception items. If unable to attend, please arrange pickup of the award(s) for your student(s) before the event.
